

## CRAFT

We are serious about our craft. Our syrups and sauces are made in single batches using carefully selected high-quality ingredients.

## SCIENCE

We use sensory science to orchestrate a total flavour experience that speaks to all your senses (sight, taste, touch, smell).

## ART

Like an artist who uses a colour palette to paint a masterpiece, we give Baristas and Mixologists a palette of powerful flavours so they can create their own masterpieces.

FLAVOUR GENIUS™

**DaVinci**  
GOURMET™

We believe that Baristas and Mixologists are creative and that they seek perfection to amaze their audiences. We are the contemporary choice for professional drink makers, inspired by Leonardo Da Vinci's pursuit of perfection.

We use craft, science, and art to empower drink makers to create their own masterpieces. We follow a philosophy of co-creation, crafting each new product and drink recipe with professional Baristas and Mixologists, using sensory science to help create deeper connections with customers. This is what we like to call Flavour Genius.
